# GOOD VIBRATIONS

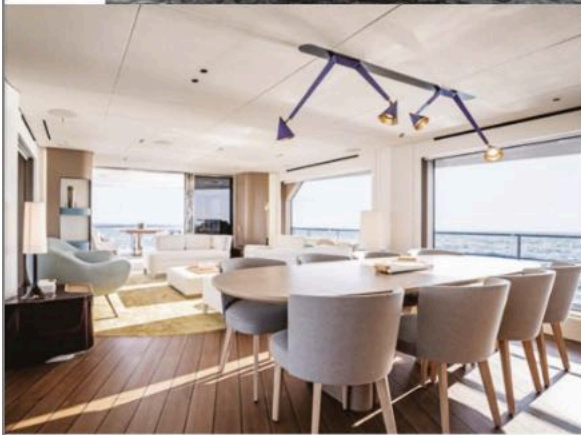

ROSSINAVI'S 216FT *ALCHEMY* LIVES UP TO ITS NAME

### AZIMUT GRANDE 26M

**LOA** 85' 7" **Builder** Azimut **Naval architecture** PL Ausonio; Azimut **Exterior design** Alberto Mancini Yacht Design **Interior design** Achille Salvagni Architeti

The new entry yacht to Azimut's Grande series features a hybrid diesel/pod-drive propulsion system designed to reduce fuel consumption and CO<sub>2</sub> emissions by 20 percent. It also introduces Alberto Mancini's trademarked Deck 2 Deck terrace. The teak-backed transom door opens to extend the aft deck above the swim platform, creating an enlarged alfresco dining area.

### ON BOARD

### ▲ HORIZON FD90 OPEN GALLEY

**LOA** 90' **Builder** Horizon Yachts **Naval architecture** Horizon Yachts **Exterior design** Cor D Rover Design **Interior design** Horizon Yachts

Echoing a trend in home design, the latest FD90 opens the galley, moving the sink to a central island so owner-chefs can socialize with guests in the salon. On the bridge deck, Horizon's Split-Use Skylounge offers both an enclosed living area and a shaded, air-conditioned outdoor deck space.

The FD90 has an on-deck owner's suite plus three en suite guest cabins below along with a multi-use/laundry room

### 80 SUNREEF POWER ECO

**LOA** 78' 1" **Builder** Sunreef Yachts **Naval architecture/interior design/interior design:** Sunreef Yachts

Solar panels are more than just an energy source for this cat; they are a decor item. The Sunreef Solar Power System covers more than 2,000 square feet. The owners of hull No 1 opted to make theirs all-electric.
